

Fixnetix Ranked Number Two Fastest Growing Technology Company on the Deloitte Technology Fast 500 EMEA 2011

London, 25th November 2011

Fixnetix is pleased to announce that it ranked Number Two on the Deloitte Technology Fast 500 EMEA 2011, a ranking of the 500 fastest growing technology companies in EMEA. Rankings are based on percentage revenue growth over five years. The company is a financial technology company (fintech,) and is an outsourced managed service provider for market data, trading and risk control to leading banks, hedge funds and proprietary trading worldwide. Less than a month ago, Fixnetix won first place for the 2011 Deloitte UK Technology Fast 50 and placed fourth in the 11th annual Sunday Times Microsoft Tech Track 100 league table which ranks Britain's one hundred privately-owned technology, media and telecoms (TMT) companies with the fastest-growing sales over the last three years.

Paul Ellis, Chief Operating Officer of Fixnetix, attributes the success of the company to people and innovation. "We are so pleased to be ranked as one of Europe's leading technology companies and are fully committed to delivering the best market data, trading and risk control systems to our global customer base" says Mr Ellis. "Financial technology services and products are constantly evolving in response to demand and regulatory requirements; innovation is our life blood. We hire industry experts who are all able to anticipate the needs of the marketplace and they respond in tandem."

"Making the Deloitte Technology Fast 500 EMEA ranking is a testament to a company's commitment to technology" David Halstead, Deloitte United Kingdom and partner in charge of the Deloitte Technology Fast 500 EMEA programme. "With its 24557% growth rate over five years, Fixnetix has proven that its leadership has the vision and determination to grow in difficult conditions."
